To the Government Authorities of Arab Countries

I, TIAGO VENTURA COSTA, a Brazilian citizen, hereby file a complaint against NATO (North Atlantic Treaty Organization) for using aerospace technology (satellites) capable of controlling the minds and brainwashing citizens and rulers of Arab countries.

NATO (North Atlantic Treaty Organization) possesses advanced aerospace technology capable of influencing and suggesting to citizens of Arab countries under the pretext of combating terrorism, using weapons of cognitive control and manipulation (CogWars).

These weapons are based on microwave antennas installed on orbital/geostationary satellites capable of suggesting/influencing human beings using the Frey effect and hypnosis techniques.

This practice violates international human rights treaties, specifically the infringement of freedom of thought (Article 18), which states that any attempt to influence, manipulate, or alter thoughts without consent directly clashes with freedom of conscience and the freedom to form and hold opinions.

Dignity is the foundation of the entire international human rights system; manipulating someone's mind—even in a limited way—turns the person into an object, a mechanism, an instrument. This is incompatible with the idea that every human being has intrinsic value.

I have been denouncing NATO (North Atlantic Treaty Organization) for possessing technology capable of carrying out such violations on a global level. I have been subjected to this technology and intend to expose NATO and all its allies who use it.

I count on the sovereignty and commitment of Arab countries to human rights in order to confirm my denunciations and expose a global genocide conducted by NATO and its allied countries.

Respectfully,  
TIAGO VENTURA COSTA
