

**To the United Nations Organization,**

**I, TIAGO VENTURA COSTA**, a Brazilian citizen, holder of CPF **719.297.891-49**, a Systems Analyst, and currently **homeless**, hereby submit a complaint regarding the **misplacement and possession of military intelligence and espionage equipment, terrorism, conspiracy, torture, and mass pedophilia, among other extremely serious crimes.**

**ISMAEL HOMEM DE OLIVEIRA** and **LYVIA MOREIRA DE OLIVEIRA** are leaders of a criminal faction operating in **Porto Alegre, Brazil, and Miami, USA**, and are in possession of **a stolen State Secret military equipment** originally from the **Italian Republic**.

This military equipment is capable of accessing a **global military intelligence network** known as **UMV**. Furthermore, it has access to a **monitoring and surveillance infrastructure composed of hyperspectral sensors/cameras and ultraviolet flashlights/lasers**.

**ISMAEL HOMEM DE OLIVEIRA** and **LYVIA MOREIRA DE OLIVEIRA** have been using this equipment to **invade privacy and torture citizens (including children)**. **My children (ÍCARO and MIGUEL) and I have been victims of this faction for almost half a decade**. Our privacy has been invaded, and we have been **tortured and attacked daily with ultraviolet radiation**.

After discovering the nature of the **torture and pain caused by these attacks**, I have been **filing detailed complaints with the competent Brazilian authorities (including the Brazilian Armed Forces) for over two years—without any response**.

As a **retaliation for my complaints**, the **torture against my children and me has intensified** as a means of coercion by this criminal faction.

**LYVIA MOREIRA DE OLIVEIRA**, a prostitute, was responsible for **the theft of the Italian Republic's State Secret military equipment** during one of her trips to Europe. Due to **negligence and poor control over such equipment**, she managed to **bring it to Brazil to use as a platform/tool for her criminal activities**.

**ISMAEL HOMEM DE OLIVEIRA** and **LYVIA MOREIRA DE OLIVEIRA** are **experts in borescopy**, a technique used to **invade the privacy of law-abiding citizens in their homes** (including entire families and minors) through **borescopic probes**, aiming to **produce and sell video material to third parties and distribute it on pornographic websites**.

Since filing complaints with the **competent Brazilian authorities**, I have been **attacked daily with ultraviolet radiation in my eyes, dental arch, lips, testicles, anus, joints, ear canal, stomach, throat, intestines, urinary system, and various points of my body**.

Due to such **brutality and the negligence of the Brazilian state**, I have already lost a **molar tooth**, developed **scars on my lips**, **first-degree burns on various parts of my**

**body, tingling in my limbs, skin stains, premature aging, gastritis, blurred/defocused vision, and possibly sterility.**

## **I FEAR FOR MY LIFE AND THE LIVES OF MY CHILDREN.**

**My complaints have been dismissed by my homeland and my own family. I was institutionalized and labeled schizophrenic, spent months in a psychiatric clinic, was humiliated by Brazilian authorities in public offices, was illegally arrested without any formal charges, and am now banned from entering the Federal Public Ministry building to present complaints and evidence.**

**I feel utterly disgusted by my homeland and my Italian ancestors. My children and I are paying the price for the mistake made by the Italian Republic and Brazil in allowing a State Secret to be so ridiculously stolen by a Brazilian prostitute on a commercial flight.**

**Brazil, the Italian Republic, the United States of America, and the European Union have been complicit in this atrocity.**

**The stolen military equipment has been used to VIOLATE HUMAN RIGHTS ON A MASSIVE SCALE FOR OVER HALF A DECADE.**

**As if that weren't enough, this equipment is capable of accessing commercial aircraft computer systems mid-flight and attacking passengers on board with ultraviolet radiation.**

**The Brazilian, American, Italian, and European authorities are COVERING UP TERRORISM and allowing TERRORISTS TO FREELY ROAM THE WORLD. A GLOBAL DISGRACE!**

**Given these ABSURDITIES, I urgently request assistance from the United Nations as a last resort.**

**I DEMAND PEACE, DIGNITY, AND EQUALITY IN A HEALTHY WORLD!**
